

KNOW OUR STUDENT

Empowering students with integrity, commitment, mutual respect, transparency, accountability, Team work and performance culture

Spotlight: Aman

Aman is 12 years old and is currently pursuing his 5th standard schooling at the Empowering Minds centre. He resides in Pramod Gali, near Hanuman Chowk in the same area as of the school.

Aman takes pride in dressing professionally for school and is a quick learner. While at school he tries to occupy the first bench, this gesture points out to his enthusiasm for school.

Family Background

Aman lives with his 5 sisters, out of whom 4 are elder to him. Unfortunately, his father passed away while he was 9 years old.

His mother takes up tailoring jobs to sustain her family. One of his sisters is married while the other 4 usually stay at home and help his mother

Neeta
Teacher, Empowering
Minds

Aman is an observant student. He often asks difficult questions which tell about his deep understanding of concepts being taught

At a Glance Aspirations

Aman fancies cars plying on the road, and is well informed about the new models floating in the market. He likes building things, and tells about a keyboard cleaning tool he made as an activity in school with joy.

He aspires to become an engineer and is inclined towards Mechanical or an Electronics based career

Learnings at school

General Knowledge and Mathematics are the subjects that interest Aman the most. He is excited to tell how the knowledge of concepts of multiplication have helped him in his daily routine

He confidently uses multiplication instead of addition now when he goes to purchase anything from the market and the quantity involved is more than one

Student Feedback

The centre provides me with the ability to practice questions and also discuss with my friends. I feel good when I am asked to solve a question on the blackboard.
