

KNOW OUR STUDENT

Empowering students with integrity, commitment, mutual respect, transparency, accountability, Team work and performance culture

Spotlight: Saheem

11 year old Saheem studies in the fifth standard of the school run by Empowering Minds in Ghaziabad. He enrolled in UKG of the school after obtaining his pre nursery and LKG schooling from another school in the area.

He is a curious learner, who is eager to learn new concepts and takes pride in giving answers promptly. Saheem tries to relate the classroom concepts to real life scenarios. This helps him consolidate his learnings.

Family Background

Saheem is a resident of Sanjay Colony,, Ghaziabad. He shares a home in Galli No. 6 with his joint family. He is the youngest in his family of 5. Saheem's mother looks after the house, while his father runs a chicken shop in the area, his elder brother works at his uncle's chicken shop, while the eldest is in Mumbai to support the family

Neeta

Teacher, Empowering Minds

Saheem is a great kid, he is always punctual and eager to learn something new. The presence of such students help in the smooth conduction of classes

At a Glance

Aspirations

On asking what he aims to become in the future, Saheem is quick to point out towards his creations of a small Desert cooler, switch controlled lamp and a fan that can change directions. He is motivated to pursue a career in Electronics and wants to invent gadgets as an engineer

Learnings at school

General Knowledge and Mathematics are the subjects that interest Saheem the most. He is excited to tell how he discusses basic mathematics problems with his elder brother after school.

He does not hold back his questions and this is a habit that he says has developed because of the schools teaching pedagogy

Student Feedback

The centre provides me with a positive environment. This makes me want to attend classes and be regular with the academics
