

# KNOW OUR STUDENT

*Empowering students with integrity, commitment, mutual respect, transparency, accountability, team work and performance culture*

## Spotlight: Sofia

Sofia is 12 years young and first came to the centre for her UKG education. Since then she has been a regular student at Empowering Minds and currently studies in the 5th standard.

She is a disciplined student and diligently follows the instructions of the teachers. Sofia has been a bit hesitant in asking questions, however the constant attention by the teachers has made her more confident. She is a good performer and keeps trying till she finally grasps a concept

## Family Background

Sofia has a nuclear family of 5 members. Her father is a fisherman and a fish vendor, while her mother looks after the house. She has a 7 year old younger brother, and a 3 year old sister.

After school Sofia proudly claims to lend a helping hand to her mother, and thereafter completes her school assignments.

**Neeta**

Teacher, Empowering Minds

*Sofia is a determined girl. She likes to speak in English and tries to improve each day. She has the potential to do wonders.*

## At a Glance

### Aspirations

Sofia wishes to become a doctor. When asked about her motivation, she mentions about her dad, who wishes to see her in the Doctors coat, helping people day in and day out.

Along with her father's dream, she finds concepts revolving around Biology interesting and is quick to explain the basics

### Learnings at school

Sofia enjoys her English classes the most. She practices reading on a daily basis and also tries to speak fluently in English.

One fond memory she carries is of her visit to the Red Fort, where an uncle conversed with her in English and she was able to follow through the conversation. She recites the incident proudly.

## Student Feedback

The centre provides me with facilities of online classes that actually help me picturize difficult concepts. Here I also get milk regularly which usually I don't get at home as I have 2 younger siblings. The centre makes me feel confident.
